

Retail

Modular units designed to cover the natural juice demand in megastores. The Zummo Retail range includes juicers, cabinets, dispensers and specialised accessories that can be combined to offer the most adequate solution for every space.

Profitability in juice extraction, intuitive use and simple maintenance. These are the key points that make Zummo Retail the best option to make your business grow.

Z40 Nature Adapt Dual Cabinet Plus

Ideal for Supermarkets, commissary kitchens, high traffic areas with food service and retail operations. You can create a self-service option with a bottle rack for easy access and convenience or pre-bottle your juice for grab-n-go applications.

Recommended for locations with a high consumption needs in the range of 100 plus serving of juices per day.

Efficiently squeeze juice

1. EVS®Advanced

Unique vertical juice extraction system; a Zummo exclusive. Based on manual juice extraction system it achieves maximum profitability, obtaining the purest possible juice with the greatest operational functionality.

2. Juice extraction kit

The M kit, standard with the machine, can be complemented with the L kit (accessory) for larger citrus fruits. Squeezing kits count with the SimpleClick anchorage system, by which the balls are fixed with clip system, reducing the number of assembly parts, making it easier and faster.

Medium (M): Orange.

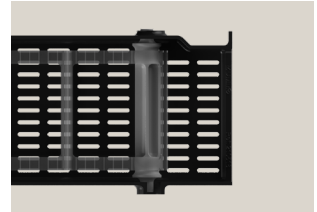

Optional- Extra large(XL): Pink; Small (S): Grey; Large (L): Maroon.

Juice extraction kit

3. Automatic filter

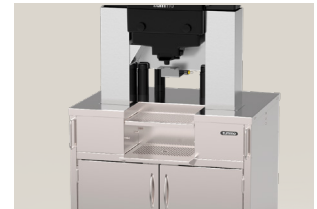

Comprised of a belt that starts to move when the juice extraction starts up, sweeping away the seeds and pulp that remain in the filter: greater juice extraction performance and greater autonomy.
