

755 Niru[®] Versa Runner[™]

Nitrile rubber runner with slots for drainage and knob-top for basic comfort and traction

Niru[®] Versa Runner[™] is made from a 100% Nitrile rubber compound designed to withstand harsh chemicals, greases, oils, and animal fats while creating a slip resistant work surface. Slotted perforations allow for drainage and a scraper-rib design runs side-to-side on the mat for added traction. The ribbed underside enhances the anti-fatigue value of the mat and also helps to channel liquid away from the work area. Its low profile allows for use in areas with high cart traffic. Manufactured with Microstop[™] anti-microbial rubber compound. Niru[®] Versa Runner[™] is perfect for wet or dry applications that require traction and drainage in a continuous mat.

Stock Sizes	2'x3', 3'x4'
Roll Sizes	2'x60', 3'x60', 4'x60'
Cut Lengths	2', 3' and 4' widths (up to 60' long)
Thickness	3/8
Colors	Black
Product Group	Ergonomic, Anti-fatigue & Safety Matting
Environment	Wet/Dry and Oily Areas
Sales Tip	Provides traction, resistance to harsh chemicals, oils, and greases, and basic anti-fatigue support in a longer run. Reversible design further extends the service life of the mat. Drainage hole size: 3-3/8" x 3/8"
Product Weight sqft in lbs	1.5
Process	Molding
Reach	Reach compliant (Registration, Evaluation, Authorization and Restriction of Chemicals).
Prop 65 Warning	WARNING: This product can expose you to chemicals including diisodecyl phthalate which is known to the State of California to cause birth defects or reproductive harm, and 2-mercaptobenzothiazole which is known to the State of California to cause cancer.
