

PRODUCT SPECIFICATION

EventXpress

Padded Seat, Fan Back Chair

Model #: C700

Updated: November 2005

SPECIFICATION COMPONENTS

Dining height, multi-purpose folding chair for educational, hospitality, public assembly and special event seating. Chair features a tubular steel frame with replaceable padded seat/vinyl covered, and "fan-shaped comfort-back" constructed of durable plastic material. Each chair weighs 10 pounds.

FRAME

Constructed of 18 gauge, 1 inch diameter, tubular steel tubing finished with either nickel plated chrome or powder-coated painted finish. Steel rivets used to attach seat and bracing pieces to frame

Chair Tips

Soft rubber "crutch tips" fit snugly to chair frame to prevent scratching of floors. Soft rubber tips tend to resist cracking and splitting better than hard plastic tips

Fan Back

Formed plastic seat back is designed for maximum support and comfort. Replaceable seat backs are attached to frame with hexagonal head screws.

Frame Dimensions

42 ½ inches tall and 17 ½ inches wide

SEAT Frame & Pad

1 ½ inch thick, replaceable, vinyl covered, padded seat attached to 18 gauge, formed steel frame.

Seat Pad Dimensions 15 inches wide X 15 ½ inches deep X 1 ½ inches thick

LOAD Bearing

300 # static load bearing capacity

Metal Finish

All metal parts are treated for corrosion resistance and paint adhesion, then finished with a baked on epoxy powder-coat paint. The result is a high quality decorative finish that offers superior resistance to abrasion, marring & scratching.

Warranty

Palmer Snyder warranties that all EventXpress Series folding chairs will be manufactured with quality materials and workmanship. Palmer Snyder further agrees to repair or replace promptly any parts that by reason of defective material or workmanship shall fail under normal use for a period of 3 years from the date of delivery acceptance. Warranty for rental companies is 1 year. All warranty issues are subject to management approval and are deemed prorated.
