PC-400

Portion Control Scale

Doran proudly introduces the new PC-400 Portion Control Scale, the most feature-packed, heavy-duty scale in its class. With a surprisingly low price, the PC-400 is the result of responding to your needs, utilizing Doran's experience of over 25 years of reliable and innovative scale designs. The rugged PC-400 makes the "throw-away" portion control scale a thing of the past.

Rugged: The PC-400 includes our field proven, exclusive "Quad-Spring" base design that virtually eliminates damage from shock and overload.

AC/DC: The choice is yours - use the AC plug-in power adapter, or the included internal rechargeable battery for total portability. Recharge the battery in less than 4 hours with the included AC adapter - you can even use the PC-400 while recharging!

Easy to Clean: The case and removable platter are constructed of food grade 304 Stainless Steel. Designed to the exacting standards of NSF, the wipedown safe PC-400 cleans easily and quickly.

Compact: The small size of the PC-400 allows it to be used in tight spaces, and lets you move your scale to the work with ease.
