

DLY-454A

Dolly

Stainless Steel

Stainless Steel dolly for transporting countertop machines

Full Stainless Steel Build

Food grade full stainless steel plate for food service environment; 1/8" thick top plate to support heavy countertop equipment

Heavy Duty Casters

Heavy duty 3" casters that support up to 300kg/670lbs of weight; front swivel casters allow smooth and flexible maneuver; easy foot locks ensure stability

Plate with Lip and Drain

2/3" lip around all sides of top plate to prevent machine from sliding off board during transportation; drain outlet allows liquid spills to drip out and keep the plate dry and clean
