KEY PRODUCT FEATURES AND BENEFITS

- All stainless steel interior ensures consistent cabinet temperature and hygienic easy to clean environment that will not absorb odors over time
- Full Extension, smooth glide shelving gives easy access to product and faster, more ergonomic product loading
- Ultra-quiet and energy efficient smart compressor – compressor ramps up as additional cooling is needed maximizing energy savings while decreasing pull down time
- NSF Rated digital controller allows for precision temperature setting and features an audible door alarm, alerting the operator if an intrusion will not allow the door to close
- Open shelf design allows cold air to surround product reducing temperature variation in the cabinet and extending product life
- 525 BTU/hr fast pull down of product to serving temperature

Quick Features:

- All stainless steel wine shelves ensures zero off gassing or odor absorption
- Accessory wood front available to match custom overlays
- 2" foamed-in-place eco-friendly insulation provides energy savings with zero ozone depletion
- Smart defrost cycle runs only when needed, increasing energy efficiency over standard systems
- Selectable white or blue LEDs provide crisp line of sight to product
- Solid and uv-coated glass door options available in both stainless steel or black vinyl finish
    - Black vinyl door panels can easily be removed to allow a custom wood overlay to be applied
    - Custom door panels are customer supplied – see **perlick.com** for door overlay templates
- Multiple handle, legs, and caster options available
- Field reversable door allows for easy replacement or re-purposing
- Door lock optional
- NSF 7 rated for canned and bottle beverage storage
- No plumbing required
- 1 Year Warranty, 5 Year Compressor Warranty
