## Room Service Delivery Cart

96005

Removable Tray Top

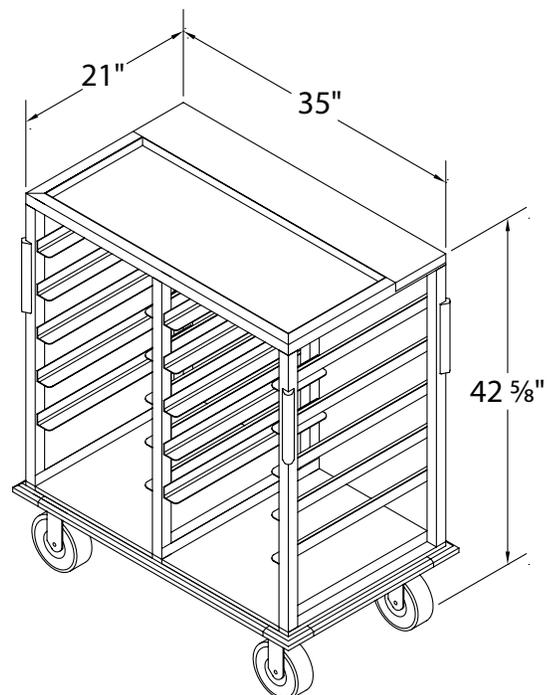

shown with optional Staph-Check® cover (#0350)

This aluminum cart is easier to transport and use than heavy, high-capacity tray delivery cabinets. This unit allows you to use your own 15" x 20" trays to deliver product, cutting down the time it takes to load and unload the contents. Bottom spacing allows room for bus tubs.

With its all-welded aluminum construction, this durable delivery cart is built to last and easy to clean. Removable tray top helps organize product and contains spills. Standard pan stops and vertical bumpers increase ease of use and durability. Four 6" plate type casters, two swivel and two rigid, guide the cart in a straight line and make it easy to maneuver.

Optional vinyl Staph-Check® cover protects contents and makes an attractive addition to your venue.

- Lifetime Guarantee against rust and corrosion.
- Five-Year Guarantee against material defects and workmanship.

### Room Service Delivery Cart
