# OPEN AIR MERCHANDISER ALPA-36-SS

### STEEL CONSTRUCTION

Robust steel construction minimizes the use of plastic materials resulting in an environmental friendly design.

### CARE FREE CONDENSER

The finless spiral condenser design prevents dust/dirt buildup allowing maximum long term efficiency.

### ELECTRONIC CONTROL

The intelligent temperature control is programmed to ensure the correct operation of the equipment and maintain products at an optimum temperature.

### LED SHELF LIGHTING

LED lighting lasts longer than fluorescent lighting, it reducing energy consumption, which generates minimal heat. All of this makes LED lighting great for the environment.

### HOT GAS EVAPORATION

Hot gas heated drain pan for condensate evaporation that eliminates the need of floor drains or electric heaters.

### NIGHT CURTAIN

30% less energy consumption when closed.

### OPERATION TEMPERATURE

35°F-40°F (1.6°C-4.4°C)

### CUSTOM GRAPHICS

## CABINET CONSTRUCTION

- High-density, CFC-Free, polyurethane insulation
- Glass side panels
- Manual retractable night curtain for increased energy savings
- Exterior: Galvanized metal cabinet with powder coated painted surface
- Interior: Stainless steel

## OPERATING CONDITIONS

- Open Air models should not be installed in any area where the air curtain will be disrupted. This includes placement near any HVAC vent, open doorway, or fan.
- The unit is rated for an environment where temperatures remain below 75°F and humidity does not exceed 55%
- Areas with direct sunlight should also be avoided

## SHELVING & Lighting

- Adjustable stainless steel, dual-position shelves with LED lighting

## ACCESSORIES

- Casters
- 6" stainless steel legs

## REFRIGERATION

- Maintenance free condenser
- Automatic defrost cycle
- Hot gas heated pan for condensate evaporation
- Electronic temperature control
- Easy to reach components for maintenance
- R-290 refrigerant

## WARRANTY

- 3 year parts and labor warranty
- 5 year compressor

## CASTERS
