## Half-Height Heater Proofer

This unit is designed to promote efficiency and reduce redundancy in operations by combining the function of two equipment into one and leveraging the advent of technology.

### Features:

- Heavy duty aluminum construction
- Forced air design
- Dual proof/heat digital thermostatic control with temperature sensor and circuit breaker. Available with analog display.
- Proof mode: 95% RH at 110°F
- Heat mode: max temp 180°F
- Corner bumpers
- Cabinet doors have aluminum frame and lexan window
- Removable analog drawer
- Can hold (10) 18" x 26" pans
- Electrical specifications: 120V - 60 HZ, plugs into standard 110V outlet, NEMA 5/15P

### Benefits:

- Half height design is perfect for utilizing space under tables and for saving space in small kitchens.
- Pans can be loaded from bottom
- Clear lexan door allows for greater visibility of food items
- Forced air design provides even heat distribution
- Less time and effort spent closely monitoring temperature and moisture within the unit
- Easily attain accurate and precise temperature and level
- Food quality, texture and freshness are well-maintained
- Overcurrent protection to the entire equipment
- Removable analog drawer allows for easy and efficient cleaning
