Regulator Panels with FOBs

MASTER TAP

Standard Features

- Allows for a simple way to route beer lines, while maintaining a neat installation within your walk-in cooler
- Panels come standard with NSF approved FOB, which prevents beer loss
- FOB has a protective strainer along with a vent rinse manifold for easy maintenance
- Includes most accurate, tamper-proof, regulator in the beverage dispense industry
- Thanks to the design of the manifold, the regulator body can be repaired or replaced in the field with ease
- Panels are pre-drilled and made up of NSF approved material that can be sealed directly to cooler wall
- Significantly less pressure drop compared to the competition means less foam and more profit
- Each Regulator Panel includes air hose, beer connector(s), nuts, tailpieces, washers, and hose clamps

	Model	Overall Length (A)	Width (B)	# of Beer Lines	Weight (lbs)
A	KBP-F1	17"	11"	1	6
B	KBP-F2	17"	11"	2	8.5
C	KBP-F3	17"	22"	3	14
D	KBP-F4	17"	22"	4	18
