

# FOAMING JAR

40-621-60

**FOAMING JAR**

**QUALITY COLD FOAM**

With remarkable ease and speed, this versatile jar transforms milk and milk alternatives into a delectably smooth, mousse-like thick foam within seconds. But its capabilities extend far beyond that – whipping cream, crafting luxurious hot chocolate, and much more.

**OUTSTANDING RESULTS WITH LESS WASTE**

By combining a distinctive stainless-steel frothing blade with a unique jar design, this pair works together to produce a high-quality cold foam, even when working with quantities as small as 2 ounces of liquid. Ensure that every drop you blend counts, minimizing waste and delivering outstanding results.

**WEIGHT** 1.4 lbs (0.64 kg)

**VERSATILITY** Perfect for cold foam, whipping cream, aerating, and mixing other liquids.

**DIMENSIONS**  
H: 8.5" (21.59 cm)
