

Dual Heat Dough Press Molds

These interchangeable molds* ensure thickness consistency and a perfectly defined crust for any sized pizza. Dual heated platens help decrease your overall oven bake time without affecting the dough's rise. Easily swap out molds, simply lift mold and drop in your next size from 8" up to 16".

8-inch Mold
MID8

10-inch Mold
MID10

12-inch Mold
MID12

*Designed for the Endurance Pro X2M (DP2010M) and the automatic Apex Pro X2M (DP2350M) dough presses.
