

ALP477 SERIES

Slim Trash/Recycling Receptacle

Created for high-traffic areas with limited space but can be utilized in any environment. It can be used for offices, kitchens, restaurants, cafeterias, daycare facilities, your home kitchen, or even a garage. If you are tight on space, the slim design allows you to hold a substantial amount of waste while not compromising valuable space. It is easy to clean and maintain, as well as withstanding daily wear and tear. Our receptacles are a vibrant lime green hue which makes them easily visible, ensuring everyone is alerted to where to discard their waste. An added benefit is with the help of our Alpine Dolly; you connect several of the Slim Trash Cans, making waste removal quick and easy while reducing worker strain. Our Alpine Slim Trash/Recycling Receptacle is a product you are guaranteed to have for many years.
