Celebrate Farm to Table with Farmhouse, World Tableware's rustic new collection of casual, lightly decorated plates, bowls, platters, and mugs.

Organically shaped and crafted in cream-white durable porcelain, Farmhouse has a unique mismatched mold appearance that adds to the warmth and appeal of the collection. And the light accent decoration gives dimension to the presentation on your tabletops.

Finally, the wide rims give the appearance of a large presentation but the resulting smaller wells facilitate good portion control and added profitability to the operator!
