

T17 Superfoam™

Lightweight PVC/Nitrile foam anti-fatigue mat does not absorb liquids and resistant to greases

Superfoam™ is an extremely lightweight durable anti-fatigue foam mat designed especially for ease of handling and ergonomic comfort. Made from a closed cell PVC/Nitrile foam blend Superfoam™ does not absorb liquids and is highly resistant to greases, oils, animal & vegetable fats. This allows it to be used in areas where occasional overspray and dripping occur such as dishwashing stations and bar areas. Because Superfoam™ is lightweight, it is the perfect mat for use in areas where mats are regularly moved for cleaning like cooking lines, service counters, and food prep stations.

Stock Sizes	2'x3', 3'x3', 3'x4', 3'x5', 3'x6', 3'x8'
Roll Sizes	3'x75', 4'x75'
Cut Lengths	3' and 4' widths (up to 75' long)
