## Super Erecta® Chrome Wire Bun Pan Racks

Super Erecta® wire bun pan racks are an economical solution for storage and transport. End-load and side-load options available to meet your specific application or space requirements.

### Features & Benefits:

- **Cost Effective:** Racks offer an economical solution for sturdy, dependable storage and transport of bun pans.
- **Two Styles Available:** End-load models allow for optimum floor space utilization, while side-load models offer a larger tray landing area. Both styles can be loaded on one side and unloaded from the other for maximum efficiency and convenience.
- **Choice of Slide Spacing:** Each style is available with a choice of slide spacings— 1 1/2" (38mm), which has a 38-pan capacity, and 3" (76mm), which has a 20-pan capacity.
- **Ships** knocked down for lower freight costs.
- **Quick, Secure Assembly:** Units assemble quick and easy without special tools.
- **Lightweight:** Easy to handle
- **Chrome Finish**

### Half Height Wire Prep Rack

- **Half Height Wire Prep Rack:** Made to accommodate standard 18" x 26" trays or pans. The 1/2" food grade polyethylene cutting board/work surface provides an area for slicing, mixing, garnishing or other types of food preparation.
- **Choice of Slide Spacing:** Wire Prep Rack is available with a choice of slide spacings — 1 1/2"(38mm), which has a 16-pan capacity, and 3"(76mm), which has an 8-pan capacity.
