FEATURES

- Noise Reduction and Stability - rubber pad sits atop the motor housing and under container to minimize vibration and noise. Can be removed for cleaning.
- 13 gripper feet under the motor housing for added stability
- Plunger/Spatula - designed to prevent the spatula from coming in contact with the blades. Plunger side is used to push ingredients into a continuous blend. Spatula side assists in moving ingredients wedged on the container sides.

- 11 speed, pulse function, 6-minute timer with automatic shut-off creates consistent blends.
- Infinity Control oscillates the blade speed up and down to force ingredients into the blades.
- 3 Peak horsepower motor
- Stainless Steel Blades and metal drive coupling.
- Quickly blends ingredients and multiple servings with ease.
- 64oz / 1.9L BPA-Free Container made of virtually indestructible Eastman Tritan® Copolyester plastic.
