Commercial and Industrial Ovens

Counter space	30" (76.2cm) wide x 22.5" (57.2cm) deep x 31" (78.7cm) high
Shelf size	24" (61cm) wide x 19" (48.3cm) deep
Shipping weight	350 lbs (158.8kg)
Shelves	four (4)
Gas	30,000 BTUs
Opening required for installation: 30" * Handle adds 2.5" (6.4cm) to depth		

Adjustable Legs

Durable Construction

The C131B is built with *prime 20-gauge cold-rolled sides* and topped with a 16-gauge base. The *interior is made of Armco Type 1, 20-gauge aluminized steel*. Also, the C131B comes standard with a stainless steel front using high quality 18-gauge stainless steel.

Energy Efficiency

The C131B is equipped with our *new energy-saving "Power-Pak" 3-cell burner system* and our unique baffle system which make the oven highly efficient and helps eliminate hot spots. The *heavily insulated walls* coupled with our *special vent system* reduce heat loss yet keep the area safe for workers. The C131B is well-powered by 30,000 BTUs which enables it to have an *extremely fast recovery rate*.

Versatility

The C131B comes with *removable wire racks* which increase the oven's capabilities for either *baking, roasting, or pretzels* (this feature comes with the gas oven only). This counter top unit is also *double stackable* for double the capacity, double the efficiency and double the profits. The C131B comes with an *optional floor base* (SPK31) for extra storage.

Capacity C131B

The C131B is the only *single-door, four shelf* bake oven available. It houses *four shelves* which offers 456 square inches (2941.9 sq cm) of cooking area per shelf. That equals *1,824 total square inches (11,767.7 sq cm) per oven*. When double stacked,

SPK31 STAND

- Sideliners hold racks or stones
- Optional casters (shown)
- Optional racks (3) (shown)
- 30" (76.2cm) x 22.625" (57.5cm) x 26.25" (66.5cm)

the C231B offers eight shelves, which brings your total cooking area to 3,648 square inches (23,535.4 sq cm). When you compare the cost per shelf or per square inch to other two- or three- shelf ovens, Peerless is by far the greatest value.

Design Plus C131B

The C131B has the controller in the lower front for ease of operation, to save space and in their very own air conditioned area so they are not affected by outside influences. The C131B is totally thermocoupled and allows you to replace individual parts without replacing the entire system.
