## All Welded Shelving - T-Bar Series

T-Bar Series Three Shelf Unit  
w/ Optional "M5" Casters  
*Casters are factory installed only.*

T-Bar Series Four Shelf Unit

All Welded T-Bar shelving offers a smooth, flat surface that also provides adequate air flow to stored items, making it ideal for coolers, freezers, and other walk-ins. The surface is easy to clean and allows boxes to slide on and off for smaller product with the strength to hold heavy product as well. Each end of every "T" is welded at three points for maximum strength and stability!

Unique T-Bar Shelf construction allows for easy-on, easy-off of product for easy storage while providing maximum air circulation. Primary Grade Aluminum construction is guaranteed to not rust or corrode, making these units ideal for ANY environment. Shelves are not adjustable, which makes them a great choice for prisons and other institutions.

- Available in several sizes, including two-, three-, and four-shelf units. If you can't find a shelving unit to fit your space, we can custom build one for you!
- All seams are fully welded, meaning no cracks or crevices that trap dirt and bacteria.
- Tamper-Proof bolts are available as one of our Prison Package options.
- Mobile units are available with either 5" or 6" plate type casters with threaded plates that are welded to each corner of the base; Providing additional strength and stability to the unit.
- Mobile units are built differently than freestanding units, and therefore are only available installed by our factory.
- Lifetime Guarantee against material defects and workmanship.
- Lifetime Guarantee against rust and corrosion.
- NSF Certified.

**Stationary Units | Weight Capacity = 1000 lbs. per shelf**
