

# Cutting Board Refinisher

## Over time, deep grooves and cuts form on cutting boards which can harbor harmful bacteria.

Give your cutting boards new life with San Jamar's Cutting Board Refinisher. By removing the scrapes, grooves, and bumps from the surface of your cutting board, this tool helps save money on replacement board costs. Instead of throwing out old boards, the refinisher can scrape off the top layer and keep your board sanitary and looking brand new. The refinisher is dishwasher safe and features an ergonomic handle with replaceable stainless-steel blades.

## Features

### Saves Money

by extending cutting board life

### Prevents Cross-Contamination

by keeping boards sanitary

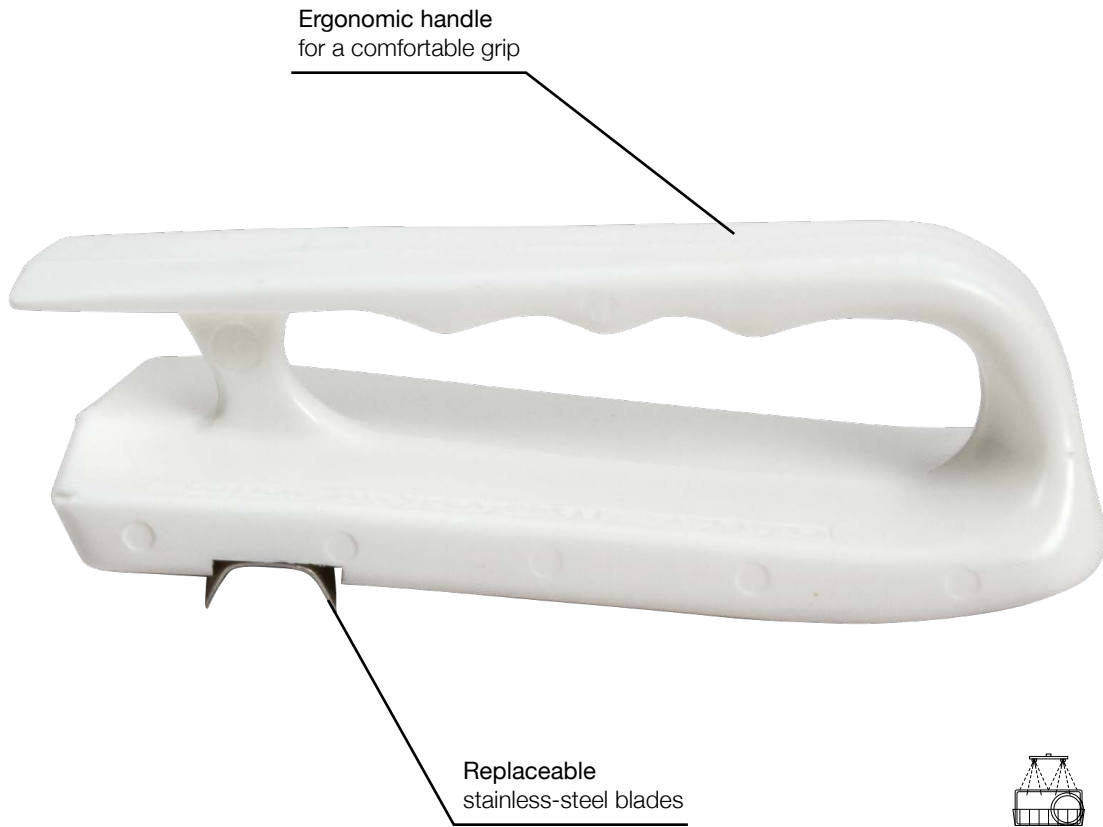

### Reversible Blade

for ease-of-use
