Master Series Backguards

## Models

### Lo Profile Backguards

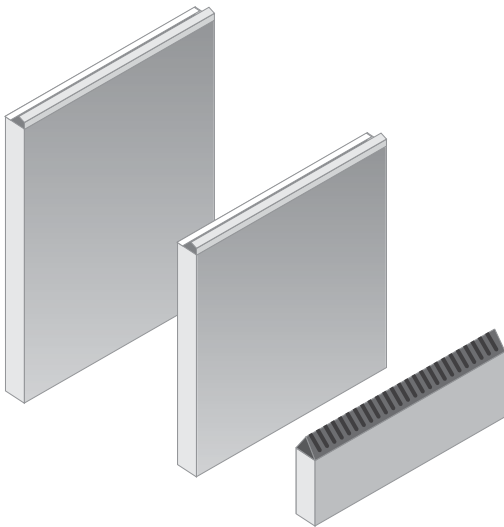

- M9LPBG                      • M46LPBG                      • M24LPBG                      • M58LPBG
- M41LPBG                    • M17LPBG                      • M51LPBG                      • M34LPBG
- M12LPBG                    • M48LPBG                      • M29LPBG                      • M68LPBG

### Backguards

- M12BG                      • M46BG                      • M29BG                      • M58BG
- M41BG                      • M24BG                      • M51BG                      • M68BG
- M17BG                      • M48BG                      • M34BG

### Double Deck Height Backguards

- M17DDBG                    • M24DDBG                    • M29DDBG                    • M34DDBG                    • M58DDBG
- M41DDBG                    • M46DDBG                    • M48DDBG                    • M51DDBG                    • M68DDBG

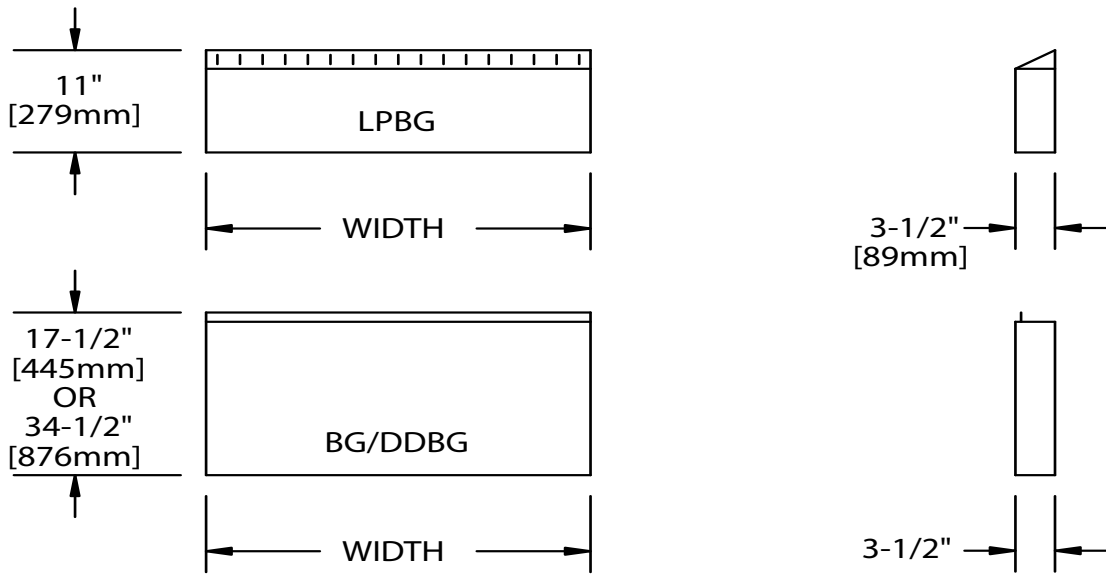

## Standard Features

- Stainless steel front and both sides are standard
- Provides recommended emit venting for safe & efficient operation of all Master Series ranges attachments, open broilers and fryers.
- Designed for easy and precise attachment to all Master Series ranges and equipment
- Available optional stainless steel main back
- Available in range of twelve, (12), standard sizes up to a maximum of 68 inches, (1728mm)

## Specifications

10" (255mm) high, low profile backguards (suffix LPBG); 17" (433mm) high, backguards (suffix BG); and 33" (838mm) high, double deck backguards (suffix DDBG) are precision-designed to install with all Master Series ranges attachments and fryers up to a maximum of 68" (1728mm), (other sizes can be special-ordered). Backguards provide venting for safe, efficient operation of Master Series equipment.
