

# Convotherm 4 Installation Kit

Part Number: 11000115816

For Gas Large Models 10.20, 12.20, 20.10, 20.20

The Convotherm Installation Kit provides a convenient collection of essential components needed to connect utilities to the combi.

Please note:

- One kit is required per Convotherm unit.
- Not all parts in the kit are needed in every installation.
- Always refer to the installation manual for complete installation instructions.
- Installation of the combi requires common tools that are not included in this kit.
- Installation Kits are non-discountable.
