CENTURY BEER SYSTEM

PROVEN PERFORMANCE & RELIABILITY

With over 40 years experience and tens of thousands of successful installations throughout the world, the Perlick Century Beer System has a proven record for overall performance and reliability. Concessionaires throughout the country continue to specify Perlick for new projects because they know the Perlick Century Beer System will perform, even under the most demanding circumstances.

QUALITY CONTROL

Each Century Beer System is designed and engineered at the factory using quality components manufactured exclusively for the Century Beer System. This control assures the system will perform to design specifications.

HIGHER YIELDS

Insulated dispensing heads, combined with pure copper coolant lines and cold block, maintain chilled beverage temperatures right up to the faucet. Factory-balanced restrictors control flow and assure solid beer with every pour for maximum profit potential.

THE PERLICK PERFORMANCE GUARANTEE

The Perlick Performance Guarantee is backed by a financially stable company with a 90 plus year affiliation with the brewing industry. Our knowledge and experience is your guarantee the Perlick Century Beer System will perform to your satisfaction.

SPECIALTY DISPENSING HEADS

SPECIALTY DISPENSING HEADS

On special order, Perlick can install refrigerated beverage lines into hollow objects to match almost any theme. We're experienced in converting deep sea diving helmets, fire hydrants, fire extinguishers, gas pumps, basketballs and more into functioning dispensing heads which can accommodate Century Beer System fittings.

Use your imagination. Almost any hollow item which is large enough to house our heat exchanger can be converted into a Century Dispensing Head.
