

GARLAND®

CUISINE SERIES RANGE CHECKLIST

1. Is this unit a stand-alone unit? – if no , please contact Customer Service.	Yes	No
2. Are you replacing an existing unit? – if yes , a serial number of the existing unit will assist in finding a good replacement.	Yes	no
3. What is your gas type?	NAT	LP
4. Do you require a rear gas connection, as rear gas is <u>not standard</u> ? If no , please see the red circle below for the 1-1/4-inch front gas connection standard on the Master series.	Yes	No
5. Which side would you like to cap and cover (chef's view.) The Garland engineering team recommends that the <u>cap and cover be installed at the factory</u> .	Right	Left

- All Cuisine Series ranges, storage, modular, fryers come with a **stub backguard as standard**.

How to pick your backguard size

CCHS or CCDHS - XX (eg.34) – the size of the backguard should match the size of the unit.
