

# WHAT YOU NEED TO KNOW ABOUT HANDWASHING

HELP STOP THE SPREAD AND STAY HEALTHY

## The Hubbell J1SSA

Good hygiene is in all of our hands, and Hubbell is here to help. The Hubbell J1SSA is a small, 120v, easy to install solution to provide hot water for hand washing in restaurants, commercial kitchens, restrooms, mobile hand sinks, food trucks & more.

## Proper Hand Washing

The Hubbell J1SSA is the best choice to achieve and maintain ideal hand washing water temperatures of at least 100°F. Proper hand washing is essential in preventing the spread of germs, including the COVID-19 virus.
