Ceado

ES-500

The ES500 is not only more compact and lightweight, but also more functional and quieter than ever. Each component has been redesigned specifically for extracting fresh juices from fruits and vegetables with automatic pulp ejection. This practical design is ideal for medium size juice bars supplying up to 30 servings per day. A magnetic basket is easily removed without requiring tools for effortless cleaning!

ES-700

The ES700 is the best commercial fruit and vegetable juicer with automatic pulp ejection. It will produce a half gallon of juice in just a minute and the only one with a double feed chute for the best juice extraction and blending from fruit and vegetables.

CP-150

This compact cold press juicer was created to be productive on the countertop. Solid and innovative, designed for on-demand service and production of bottled juices. All parts that come in contact with food can be easily disassembled and washed without any tools.

Fresh'n Squeeze®

Fresh'n Squeeze® Produce Plus Juicer (Model PPJ)

Fresh'n Squeeze Produce Plus Juicer produces high quality, good tasting juice that will turn a profit.

It is safe, reliable and easy-to-operate, requiring minimal labor. The PPJ will give you high juice yields with the speed and volume capacity you need as well as the versatility to process a wide variety of fruits and vegetables with a single machine.

The Fresh'n Squeeze Produce Plus Juicer can process a wide variety of fruits, including:

- Fruits like apples, grapes, pears, and strawberries
- Vegetables such as carrots, celery, tomatoes, and beets
- Tropicals like mangoes, guava, and kiwi

Fresh'n Squeeze® Multi-Fruit Juicer (Model MFJ) All Citrus

The Fresh'n Squeeze Multi-Fruit Juicer yields more juice per unit of fruit than any other citrus processing equipment. Its unique design allows the juicer to handle a variety of fruit sizes and most of the world's citrus varieties including oranges, grapefruit, lemons, limes and tangerines.

Self-Tap model available.

Optional Dispenser

Fresh'n Squeeze® Citrus Juicer (Model CJ)

Fresh'n Squeeze technology provides you with a compact juicer that will not only extract juice using the patented "whole fruit extraction principle", but will also "transfer" the juice into an optional freestanding chilled juice dispenser. The process is a real attention getter for your customers. The CJ can process lemons, limes and oranges.

Ceado

SL98

Built with all stainless steel, the SL98 is the most popular automatic citrus juicer on the market. It is a tireless workhorse for those who want to squeeze truly fresh fruit juices with the minimum effort. The Ceado SL98 has a stainless steel splash guard. Parts in contact with fruits are completely removable and easy to clean. The SL98 has an exclusive activating micro switch system behind the motor housing, which means the motor will never accidentally start with an open cover and the micro switch will never get stuck by liquids that may drip along the motor shaft.

S98

A citrus juicer that never lets you down, perfect for offering your customers top quality freshly squeezed juice in seconds. The Ceado S98 offers a stainless steel bowl, a splash cover, and a powerful and long lasting 250W asynchronous motor.

Wheatgrass

Super Juicer SB0850

The Samson Commercial Super Juicer is a high quality wheatgrass juicer perfect for those looking to juice large quantities of wheatgrass daily. Housed in 304 surgical grade stainless steel, with a 70 RPM motor.

MJ575 Juicer

This is the fantastic commercial grade electric juicer for wheatgrass and other leafy greens. It's great for the discriminating juice enthusiast as well as for use in juice bars. Its unique design ensures maximum juice yield with the driest waste.

Sugarcane

SC3 (NSF) or SCB (Non-NSF)

The juice is extracted from the cane by pressing it through stainless steel rollers that are removable for cleaning. It is nutritious and refreshing, contains about 15% natural sugar rich in organic salts and vitamins.

Pineapple Corers

(800) 627-2886 • www.juicernet.com

Get a bigger cut out of the profits! Fresh cut pineapple sales are dramatically enhanced when “ready to eat” pineapples are displayed. It adds a fresh look to your department and makes displays “come alive”. It is a quick and easy approach to merchandising for profits.

Piñabar

The Piñabar is the most innovative pineapple-peeler and corer on the market today. Our patented system enables the best peeled pineapples (cored or speared) in just 20 seconds. Delivering you the fastest and freshest in-store pineapple experience.

Get ready for genuinely fresh pineapples, peeled right in front of your eyes. There is no fresher substitute than this.

S-961 Pineapple Corer

Heavy-duty freestanding machine. Corrosion-proof stainless steel cutter bed.

Easy access to cutting mechanism for cleaning and maintenance.

H03 Table Top Pineapple Peeling & Coring Machine

This tabletop corer with a cookie-cutter style design will peel and core a pineapple of varying sizes. Designed for low volume. All stainless steel.
