

BIZERBA

■ ... closer to your business

The VS 12 D series features a vertical carriage with a positive product feed. This allows for consistent, thin slices. The automatic version has a built-in

diagnostic program for easy troubleshooting. The VS 12 D series incorporates all the safety features one expects with Bizerba products.

Best blade in the industry

The unique design of our blade produces clean and consistent slices. The hardness results in a long lasting sharp edge. The life of the blade is dramatically longer than the competition. Our standard blade is the hardest, thinnest, largest, straightest blade in the industry.

- 13" diameter, chromium coated hard alloy
- 60-62 Rockwell hardness at the edge

Optional accessories:

- Round platter for star shaped presentations
- Mobile Stand for the correct working height
