

NU-VU

X5 ALL IN ONE OVEN/PROOFER

The Next Generation in Baking

X5 ALL IN ONE OVEN/PROOFER

DESCRIPTION

The all new NU-VU X5 has exclusive patented technology that allows you to proof, bake and steam in the same cavity. Save time and labor by not needing to continually return to the unit and move product from the proofer cavity to the oven cavity.

An added steam function allows you to do all types of products including artisan style breads.

The X5 has advanced touch screen controls that allows multi languages along with Wi-Fi capabilities to track your usage.

The sleek new look and cool-to-the-touch door allows you to use the unit in front of the customers to visually upsell your fresh product and increase sales.

FEATURES & BENEFITS

- Elegant and sophisticated
- Dual pane cool-to-the-touch oven door
- Easy to use touch screen controls featuring 32 programs with 8 stages
- Wi-Fi capabilities
- Patented technology.

OPTIONS

- Stand with door (113-9040)
- Stand without door (113-9044)
