Booster connections may vary. Contact the Factory.

Standard Voltages: (Specify choice): 208/60/3, 240/60/3, and 480/60/3. Available in 3-phase only. For non-standard 3-phase voltages, contact the Factory.

Plumbing Notes: Because of the variation in house-supplied water pressure, a water pressure regulating valve (PRV) is needed (water PRV is standard). Steam PRVs may be required for pressure higher than 30 psi. The PRVs can either be purchased from Champion or obtained locally.
