

Specifications/data sheets

Cleaning kit

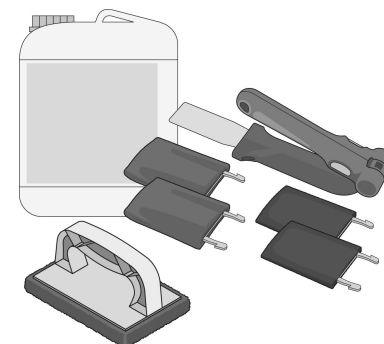

Article number:

60.73.920

Features:

- Nothing sticks, nothing boils over: Cleaning the iVario is already unmatched in its speed and there is no longer any need for extended periods of soaking, as is the case for conventional cooking appliances.
- The cleaning kit is the optimal solution for looking after the iVario.
- In order to make cleaning the outside of the iVario even easier, the cleaning arm helps you to clean even the most difficult-to-reach areas between the pan and the control panel. Depending on the level of soiling, you can decide between two different degrees of hardness of the cleaning pads, so you always have the right help at hand.
- The cleaning sponge and the grill cleaner help with the cleaning of the pan: when preparing a bolognese sauce, for example, some slight discolouration may remain which is very difficult to remove with simple detergent. This may be harmless from a hygiene perspective, but it does not look appealing. Using the grill cleaner, removing these stains will become child's play (Please read the safety data sheet before use.).

Technical data:

- Weight: 11.6 kg (25,6 lb)
- Cleanability: Pads and sponges are dishwasher safe
- Scope of delivery:
 - 10 litres (2,6 gal) grill cleaner
 - 1 cleaning arm
 - 2 hard cleaning pads
