FOLDING DIGITAL THERMOMETER

FOLDING PROBE
FOR SAFE STORAGE AND PORTABILITY

**STAINLESS STEEL
STEP-DOWN PROBE**
FOR QUICKER MEASUREMENTS

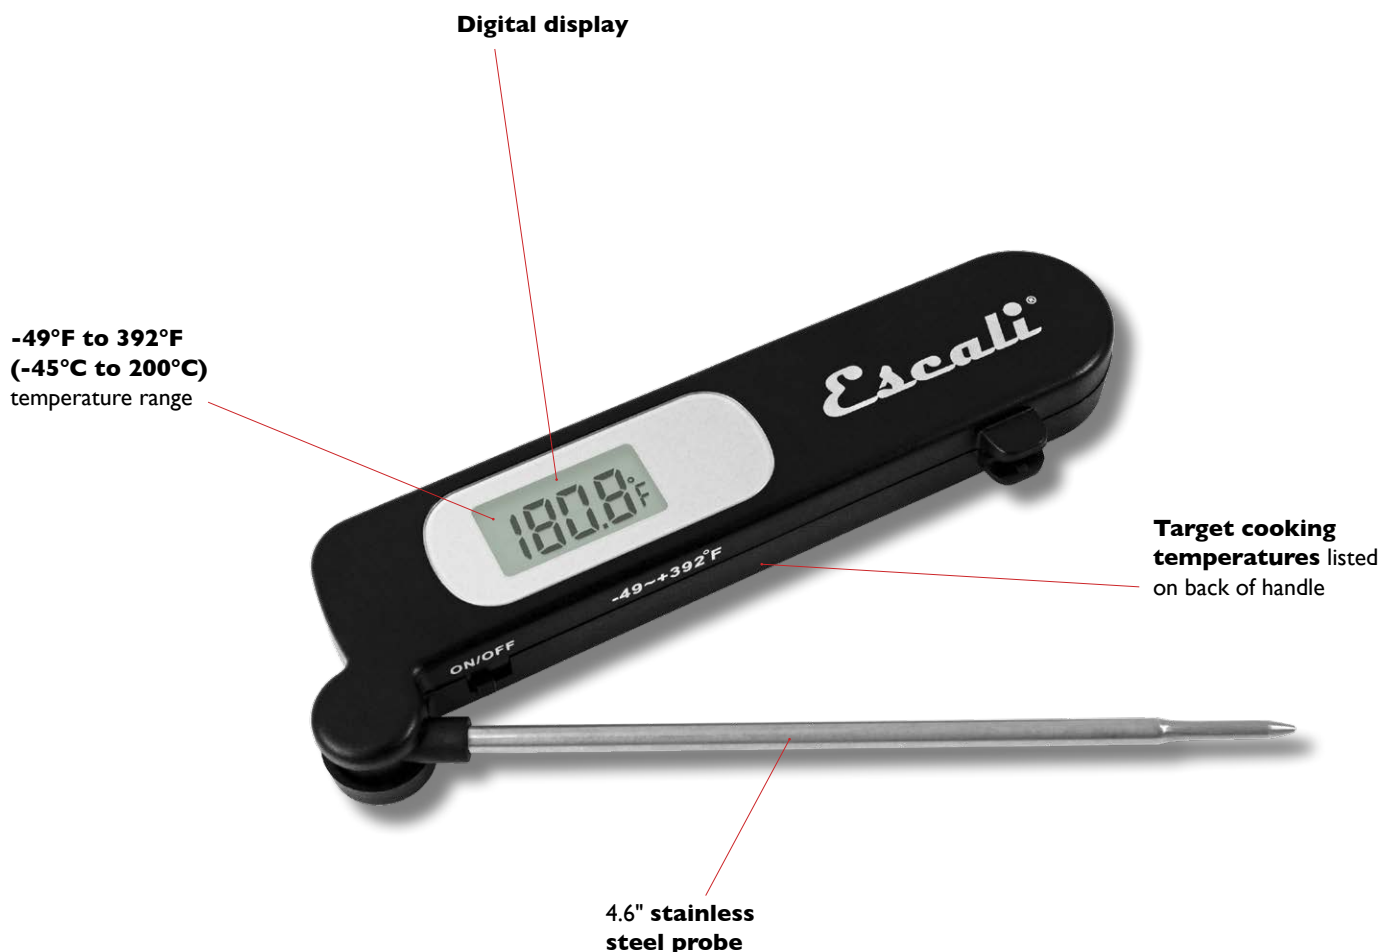

**TARGET COOKING TEMPERATURES
LISTED ON HANDLE**

In a busy kitchen environment, keeping tools close at hand is a must. San Jamar's Folding Digital Thermometer fits in a Chef's coat pocket to be readily available at any moment.

Compact and flexible, the Folding Digital Thermometer's probe folds and locks into the handle for safe storage or extends to 90° and 180° for use. Four and a half inches long, the probe also has a reduced diameter for quicker measurements and better moisture retention for food. The handle also features target cooking temperatures for chicken, turkey, pork, beef, veal, lamb and precooked ham to help ensure dishes are always cooked accurately.
