Spec-Bar® Modular Bar Die

Please call our SpecFAB® department at 800-441-8440 with your design requirements.

Design and Construction Features

- Operator's side finished in type 304 stainless steel for strength and corrosion resistance.
- Interior finish is 20 gauge type 304 stainless steel.
- Substructure is 12 gauge galvanized steel.
- Bar dies enclose and hide soda, beer, electrical and plumbing lines in a chase incorporated into the unit.
- Front of the bar can be covered by removable panels that provide easy access to the chase for future modifications and maintenance.
- Panels can be covered in a decorative laminate, an elegant wood millwork finish or a stunning stainless steel finish.
- On pedestal based style bar dies, equipment is mounted onto die before shipping. Simply connect sections and secure unit to floor.
- Add decorative brass or chrome rails and fittings to match any decor.
- Duplex outlets as requested.
- Low-voltage lighting available.
- Optional factory U.L. wiring and plumbing package.
