COUNTERTOP (WITH BACKSPLASH)

TITAN STAINLESS countertops are made using all-welded heavy gauge stainless steel construction. The backs of the countertops are formed into a 4" tall x 1" thick backsplash; all other edges feature our standard nosing: 1-1/2" flange down with 1/2" return at 45°. Reinforcing channels are applied to the underside of the top and sealed with double-sided sound dampening tape. All welds are ground and polished to a smooth finish.

MODEL NUMBER SELECTION / INFORMATION (Example #: 5CTB-25)
