

# KEG RACKS

**DESIGN:** The open and removable wire decking design of these shelves minimizes dust accumulation while keeping the kegs off of the floor for cleanliness. The system constitutes a cost effective and easier way of handling kegs, barrels and cases.

**CONSTRUCTION:** All shelves are constructed of 1" square tubular steel with removable wire decking. Heavy-gauge carbon steel posts and chrome foot plates set forth a system able to withstand the heavy load of full kegs and the repeated impact of being loaded and unloaded.

**FINISH:**

*Gray Epoxy: is an ideal solution for high humidity, wet, or walk-in-cooler applications. The carbon steel is treated with an iron phosphate and the powder coated epoxy is electrostatically applied, baked and cured to a hard surface. 15 year limited warranty for antimicrobial finish to not rust or corrode.*

**ADAPTABLE:** Multiple combinations enable custom storage space layouts and doubles the storage capacity without changing the size of the cooler.

**QUICK, EASY ASSEMBLY:** Posts have a double groove visual guide feature every 8", circular grooves at 1" increments, and are numbered at 1" intervals. Tapered split sleeve snaps together around each post. Tapered openings in the shelf corners slide over the tapered split sleeves providing a positive lock. Shelf is assembled in minutes without the use of any special tools.

**ADJUSTABLE:** Shelves can be adjusted at 1" intervals along length of the post.

**ADJUSTABLE FOOT PLATES:** Triangular plate allows additional surface to disperse weight.

**INVENTORY:** Keg racks provide a neat and orderly way to store kegs for easier inventory control. Multiple kegs of the same brand can be stored in series allowing the handling of more brands, resulting in a considerable increase of potential sales.

**NSF APPROVED:** Antimicrobial additive protects the epoxy from bacteria, mold and mildew, that causes stains, odors and product degradation.

24" x 36"	24 lbs	2436DSGY
24" x 48"	30 lbs	2448DSGY
24" x 60"	37 lbs	2460DSGY

## POSTS

- Numbered grooved posts on 1" increments for quick assembly

- Post Leveler Insert & Leveling Bolt - use to account for uneven floors, it adjusts up or down allowing height flexibility

Leveler Insert:

Model No: W-PLI

Leveling Bolt:

Model No: W-PLB

## ACCESSORIES

### WR-WMB

#### Post Wall Mount Bracket

Mounts posts to wall securely.

2" clearance required.

**Finish:** Chrome

### FG

#### Non-Marring Floor Glides

Affixes to bottom of bolt,

Serves as protection to

prevent marring of floors.

Sold as pack of 4

### PS-LH3

#### Hanging Label Tag

Fits 1-3/8" x 3" adhesive label.

Available in 5 colors (pack of 25)
