

The Dual Temp 480's innovative design incorporates a non-contact infrared thermometer to measure surface temperature with a retractable thermocouple probe to measure internal temperature. The Dual Temp 480 is your two-in-one solution! Its pocket-sized design is durable and the large LCD allows two temperature readings to be viewed on one screen simultaneously. The 480 is °F / °C selectable, has Min / Max memory with a lock function for long term monitoring, a 15-second temperature hold and an auto shut-off feature. These unique features make the Dual Temp 480 infrared adaptable to all working environments.

Specifications

- Infrared Temperature Range: -27° to 428°F (-33° to 220°C)
- Infrared Accuracy: ±4°F (±2°C)
- Thermocouple Probe Range: -67° to 626°F (-55° to 330°C)
- Thermocouple Accuracy: ±2°F (±1°C)
- Resolution: 0.1°, 1° above 200°F (93°C)
- Ambient Operating Range: 32° to 122°F (0° to 50°C)
- Emissivity: 0.95 default, adjustable 0.1 to 1
- Power Source: One button cell CR2032 battery (included). 40-hour battery life
- Auto Shut-off: IR mode: after 15 minutes
Probe mode: 4 minutes
- Modes: Min / Max / Lock / Hold
- Distance to Spot (D:S): 1:1
- Shaft Length: 4.5" (114 mm)
- CE certified, WEEE marked and RoHS compliant
- 1-year warranty

Packaging

- Individual Package Weight: 5 oz (142 g)
- Package Dimensions: 5.25" x 1.25" x 9" (133 mm x 32 mm x 229 mm)
- Package Cube: 0.03
- (6) per shelf box, 36 per master carton
