Sonoran Hammered Bowls with Handles

Libbey
FOODSERVICE

Introducing four new handled bowls from World Tableware!

Constructed out of Type 304 stainless steel and hand-hammered to a rich finish, these bowls will keep their shine and luster beautifully! And because of the high quality stainless steel, they'll resist rust and corrosion nicely too.

Finally, take special note of the sturdiness of these bowls. The gauge thickness is substantial and the handles are welded on with strength and durability in mind. An investment in these bowls will come back in profits for a long time to come!
