Stemware

From martinis to goblets and wine glasses to brandy snifters and everything in between, this fashion-forward stemware collection is made from heavyweight, shatterproof plastic with crystal clear clarity. While it's lighter than glass and crystal, this drinkware has plenty

of heft, offering guests excellent hand-feel. Operators love this collection because it looks as nice as glass and crystal but cannot shatter, which creates a safer environment for guests and staff while saving operations significant cost savings over less durable materials.

Colors

You want drinkware made from Tritan because it's:

- Outrageously durable, outperforming all other plastics in terms of maintaining clarity, chip-, crack- and craze-resistance, drop tests, heat tests and more
- Designed to handle hot beverages and microwaving, which none of most commonly used plastics for drinkware can do
 - Melamine cups and mugs handle hot beverages but are not microwave-safe
- Customizable in terms of logo imprinting, and the body can be colorized as well

Tritan is perfect for:

- Banqueting
- Catering
